**Achieve a Modern SOC Through a
Threat-Centric Approach**

 **TRACK 1 - LEADERS**

**Five Lies and a Truth:
Attacking the Defenders Dilemmas**

David Bianco
Incident Detection and
Response Specialist

Armağan Zaloğlu
VP of Strategic Alliances

“Defenders have to get it right **every time**. Attackers only need to be right **once**.”

The Lies

Defense and offense are separate

Defenders must be on duty 24/7

More Lies

You can't defend against 0-days

**Attackers can cheat but defenders
have to play fair**

The Big Lie

**Defenders have to get it right every
time. Attackers only have to be right
once.**

“Attackers have to get it right through the **entire attack**. Defenders only need to detect **once**.”

THANK YOU!
